INVITATION – NETWORKING EVENT IN HAMBURG

Moin Moin from Hamburg,

The friendly relationships between Hamburg and Copenhagen have grown historically – they are at present vivid and will be cherished in the future. With the Fehmarnbelt Tunnel, the two regions around Hamburg and Copenhagen will be even closer. Together with yourself, we would like to celebrate and enhance our friendship:

We invite you to a networking event in a relaxed atmosphere, taking place at Borselhof in Altona. Enjoying Hanseatic food and music you will be welcomed by the managers of the Hamburg Marketing Group to an evening with numerous guests from Hamburg and Copenhagen employed in politics, economy, culture and society. Our event coincides with the Fehmarnbelt Days 2016.

The topic of the event is: **Connect!** So – build new connections and cultivate existing contacts, experience the close links between the two cities and finally join in in developing new perspectives of an even closer partnership for the future.

We are looking forward to welcoming you on Wednesday, 21st September 2016, starting at 7 pm at The Box at Borselhof, Altona.

Sincerely yours

Dr. Rolf Strittmatter
Chairman of the Board
